

USHA MITTAL INSTITUTE OF TECHNOLOGY

S.N.D.T.Women's University

INDUCTION PROGRAMME REPORT (2019-20)

The aim of every Engineering program is to train young students opting for the various streams of engineering to have a holistic, positive and innovative approach towards science, technology, the nation, society and environment. The graduating students are expected to have not just a strong foundation in engineering, science and technology but also to in depth understanding of social relations and the environment. Basic human values and development of character to enhance the role played by the student as an aware and responsible citizen is encouraged. Keeping the above goals in mind the induction program has been designed to help the students get to know each other better, foster healthy relations with peers, teachers and the almatater and to work towards enhancing and building a strong bond between the students, society and the environment.

The programme was scheduled between August 07- 16,2019 in the premises of the Institute.:

August 07, 2019 (Day 01)

Orientation Program

The Orientation program was conducted to familiarize the student with the University, departments, library and Campus. The Program commenced with the Principal addressing the parents and students and imploring them to wholeheartedly participating in curricular and extra curricular aspects of the 4 years Program.

The Heads of the Departments addressed the students and provided them with the details about the vision mission and objectives of the programmes.

The Placement Officer, Mr. Ajay Lahane presented the placement report and a brief history of the genesis and growth of the University

Later in the second half, the students were divided into various groups to carry out tasks in the coming sessions. Ms. Rajni coordinated the event along with Mr. Yashwant Kale and Mr. Vilas Kharat.

The day concluded with the self-defense training session conducted by Mr. Vijay Kamble.

August 08, 2019 (Day 02)

The day started with a Yoga session for the students. Ms. Anjali Joglekar, Senior Yoga Practitioner and Teacher of Physical Education, SNDTWU coordinated the event . She also mentioned the importance of Yoga in everybody's life and conducted the session with hands-on practice sessions for the students.

Ms. Linda Dennis conducted the next session on Physical Fitness and its Importance in Life, she highlighted the importance of sports and physical fitness and the positive impact it has on our overall well being.

Ms. Rajni Nair conducted the next session on Universal human values. It was an interactive session which highlighted the importance of UHV and how it is necessary, along with engineering education.

The day concluded with the presentation of the activities by respective student councils of the institute. Prof. Yashwant Kale coordinated the event.

August 09, 2019 (Day 03)

The day started with a session on Code M: Decode your mind by Ms. Reema Engineer and Akshay Dedhia

Later on, Soft Skills training sessions were carried out for the students by Ms. Bharti Kumari and Mr. Sitraram. The topics covered included Self Awareness, Managing Emotions, Self Esteem, Communication and Teamwork.

August 13, 2019 (Day 04)

On day 04, the students were taken for a Visit to a Heritage Site; SNTD Kanyashala, Charni Road, a building of historic importance in terms of structure and relevance as it was one of the oldest girls schools in Mumbai built in the 19th the Century. A workshop on sketching and fine arts was conducted for the

students by Dr. Meera Sawant, Head of the PG Department of Fine Arts SNDTWU. The honourable Registrar of SNDTWU Dr. Dipak Deshpande and Dr. Gurarao, Principal SNTD Arts and SBC College of Commerce SNDTWU grace the occasion with their presence and encouraged the students.

August 14, 2019 (Day 05)

On day 05, the morning session was conducted by the distinguished alumni of the institute. Ms. Lavita Singhania. Data Scientist, Hotstar. She interacted with the students about what the industry expects from the freshers and also the latest trends in the industry.

The second session on Inner peace and outer dynamism was conducted by

A session on UHV was conducted by Ms. Rajni, in the second half of the day.

August 16, 2019 (Day 06)

The day started with a session on Yoga. It was coordinated by Ms. Poonam.

The next event was a proficiency test conducted by Mr.Vilas Kharat. The test consisted of logical reasoning, English, Maths, and basic sciences questions.

The second half of the day began with the presentations on UHV. The students communicated the importance of UHV to the audience in the form of discussions, skit, and powerpoint presentations. Ms. Rajni coordinated the event.

HOD, Ms. Sharmila talked to the students about the importance of discipline and sincerity in engineering education. She also briefed them about the examination scheme followed in the institute

The day and the induction programme concluded with felicitating meritorious students and taking their feedback.

Feedback given by students:-

It's better time to spend with friends and to know them. We had enjoy a lot

Enjoyable and knowledgeable

Helpful

-

I enjoyed the program

Very thankful for AICTE for induction program. I am also thankful for my college.

the induction was really amzaing i got lots of informtion through the programme and awareness about my career..

It was so nice to learn new things

Thank u to encourage us

Good 😊😊😊

Overall successful completion!

It was very much effective for me

It was amazing.

A nice warm up for the start to engineering.

I liked the induction program very much, it would help all students in their further life.

Thank u so much for this amazing start UMIT!

Hope to have more softskill sessions

Need more sessions like this

All the sessions were good bt actually I feel the days were less and there r more things which we wanted to inculcate to ourselves

The whole induction program was arranged well

Enjoyed it a lot. Got to make new friends.

We were instructed to bring yoga mats but yoga was conducted on another day

Induction program were really good coz it developed a quality of how to be in a groupand gave an individual a chance how to create ones place in a group....so I appreciate 👍

Whole induction program was so amazed

Yoga session taught a good stuff
